Dates:

Saturdays | 9 - 1 pm

June 5

June 12

June 19

June 26

Facilitator
Yudy Larraburu

Location
Online: Zoom

For more Information
contact: sfqc@sfgov.org

Hosted in collaboration with the San Francisco Department of Early Childhood (DEC)

Join us to explore the fun and vibrant world of math learning in early childhood education!

Objectives: You will connect with fellow ECE educators to deepen your practice. Through collaborative discussion, reflection, and interactive activities, we'll uncover new ways to:

- Foster a stronger understanding of mathematical development from infancy through preschool.
- Integrate math learning into daily routines by using innovative and unusual materials.
- Implement engaging, best-practice math activities to promote social justice, equity, and inclusion for all learners.
- Use inquiry and reflection to deepen our understanding and connect with families about their children's learning.
