About this Training

This training explores how the 5 Protective Factors — and the role you play every day — help keep children safe and families strong by nurturing resilience, deepening connections, and strengthening the support and understanding families need to thrive.

Objectives

- **Describe** the 5 Protective Factors and explain how they help keep children safe and families strong.
- **Identify** everyday opportunities to build Protective Factors with families.
- **Demonstrate** strategies that create welcoming, relationship-centered environments for children and parents.
- **Apply** the Protective Factors in daily practice to deepen trust, support, and authentic family partnership.
